

How to Win

Priority 1 Win a character specific game

Priority 2 Acquire 2 Crowns

Priority 3 Acquire 3 Black Crowns

Priority 4 Most victory points

In the case of a tie,
higher priority character wins

Ki > Ga > Re > Ad > He > Co > Be > Ru

1A 2A 3A 3B 4A 4B 5A 5B

Initial Equipment

Miracle Sword

Ruler's Wand

Berserker's Axe

What item would you like to equip?

Initial Equipment

Map of Destiny

Invisibility Potion

Timid Boots

What item would you like to equip?

Character Selection Order

Rounds 2 and 3

Selection 1 The King from the previous round

Selection 2 In ascending order of victory points, without Crown

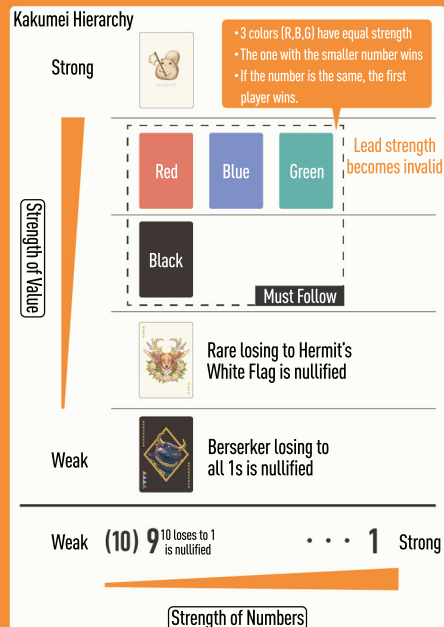

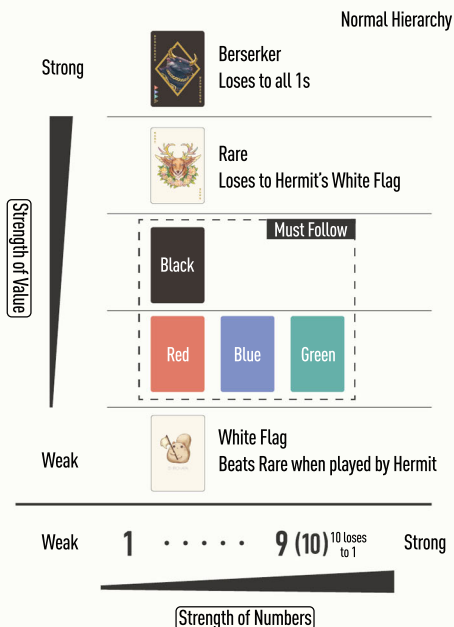

Selection 3 In ascending order of victory points, with Crown

※ Possession of Black Crown is irrelevant

If victory points are tied, the higher priority character from the previous round selects first

Ki > Ga > Re > Ad > He > Co > Be > Ru

1A 2A 3A 3B 4A 4B 5A 5B

Final Round

Round 1

- Deal 5 cards to each player
- Select a character (in clockwise order)
Decide start player randomly
- Setup each character (page 15-32)
- Play tricks
1st trick starts with the player who selected a character first in step 2
2nd-5th trick starts with the player who won the previous trick
- Earn Crowns and victory points

Round 2

- Deal 5 cards to each player
- Select a character
Refer to the Character Selection Order card
- Setup each character (page 15-32)
- Play tricks
1st trick starts with the player with the fewest victory points without a Crown
2nd-5th trick starts with the player who won the previous trick
- Earn Crowns and victory points

Round 3

- Deal 5 cards to each player
- Select a character (Same as Round 2)
- Setup each character (page 15-32)
Players may discard a Black Crown to discard X cards, then draw X cards
- Play tricks (Same as Round 2)
- Earn Crowns and victory points
- Determine the winner of the game
